COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Noise, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Residential, Conservation Easement

Comment:

I live along Middle Creek which is a very fragile, pristine environment. It doesn't make sense to bring such a huge project through the valley. It makes much more sense to follow the major corridors already established such as Highway 160 or the railroad tracks. Please, I urge you to be sensitive to wildlife and fragile ecological environments when planning this route. Thanks for listening.
